

Business Reengineering Workgroup

Purpose

Mission

An advisory workgroup of the Council on Technology Services to provide guidance and direction to the Commonwealth and VITA on opportunities for business process reengineering and collaborative solutions and systems.

Planned Deliverables

The Workgroup would identify opportunities for collaboration to deploy enterprise systems or solutions across agency and government boundaries. The Workgroup could identify opportunities based on its members collective knowledge and experience and by assessing trends identified from analysis of agency business plans and agency IT strategic plans.

Organization

Leader/Chair

Farley Beaton, CIO for Department of Taxation, Chairman
Dave Burhop, CIO for Department of Motor Vehicles, Vice Chairman

Membership

Open to COTS members and other interested stakeholders (higher ed, local government, state agencies, private industry, and citizens).

Meetings

TBD
